Consumer Warranty – Powercube X1 Solar ESS Battery System

1. Consumer Laws

If you acquire the Product from an Authorised Reseller in European Union (EU) and the Consumer Law applies, the Product comes with guarantees that cannot be excluded under the Consumer Law. You are entitled to a replacement for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

The benefits provided by this Warranty are in addition to all other rights and remedies in respect of the Product which You have under the Consumer Law or any other law that cannot be excluded.

2. Product Warranty

The Product (Powercube X1) is integrated with system controller and battery modules N*H48050 (2≤N≤7) and designed for only series connection according to Pylontech SPEC and installation manual.

Pylontech warrants that the Product will be free of defects caused by improper workmanship or defective materials.

As Powercube X1 system is sold with Solax Power HV hybrid inverter, the warranty process will be carried out jointly with Pylontech and Solax Power.

This warranty of the battery system performance commences the period of five (5) years from the earlier of:

1. the date of installation of the Product; or
2. six (6) months after the date the Product was manufactured

(Warranty Period) Subject to the conditions in clause 3 and the Exclusions in clause 5. This warranty does not include any accessories and tool kit items provided with the Product. Pylontech will repair or replace the Product (system controller or modules) if the Product is defective and returned during the Warranty Period.

3. Warranty Conditions

The warranties in respect of the Product only apply if the Product:
1. is purchased from Pylontech or an Authorised Reseller in EU;
2. has the official Pylontech serial number;
3. is installed in the Territory;
4. is installed, operated and maintained in accordance with the Product Instructions; and
5. be used on a daily cycle basis and only for Photovoltaic (PV) energy storage.

(Warranty Conditions).
The warranties do not apply if the defect in or failure of the Product’s performance is attributable to your misuse, abuse, accident or non-observance of the Product.

4. Claim

Claims should be made to the Authorised Reseller from whom the Product was purchased.

You must, within 48 hours of a defect being discovered, notify Pylontech/Solax of a claim by:
1. if You registered the Product, completing the claim form on the Pylontech website; or
2. if You did not register the Product, completing the warranty card provided with the Product at the time of purchase and either emailing a copy to Pylontech/Solax at the below email address, or delivery or emailing the warranty card to the Authorised Reseller from whom the Product was purchased.

In order to claim under this Warranty, You must:
1. present the certificate of warranty declaration in its original form;
2. submit the invoice for the procurement of the Product indicating the date of delivery; and
3. provide the Pylontech system log data recorded by the Product as an indication of whether or not the Minimum Capacity has been achieved (but this would not be determinative).

To make a claim to Pylontech directly, please contact:

Pylontech/Solax may contact You for further information regarding a defect. Pylontech/Solax may require You to complete root analysis testing of the Product to provide evidence supporting the claim. Final verification of the claim will be made by Pylontech.

If You dispute Pylontech final verification of the claim, the Product must be evaluated by the government certified testing lab or a certified 3rd party testing company. You will bear the cost of any 3rd party evaluation service charge (unless your claim is proven to be valid, in which case Pylontech will be responsible for the testing costs).

If any testing of the Product’s capacity is required, the testing must occur in the following conditions
a) The test is based on single H48050 battery module.

b) The ambient temperature of the Product must be 25°C±2°C

c) The initial temperature of the battery pods must be 25°C±1°C
d) Power shall be discharged by the Product at 0.2C as measured at the nominal charge voltage (54V).

If the Product is no longer available, Pylontech may, at its discretion, replace the Product with a refurbished product or different product or parts with equivalent functions and performance according to the latest technical information available.

5. Exclusions of Warranty

To the extent permitted by law, Pylontech excludes all liability for the Product to the extent that any damage or defect has been caused or contributed to by the following:
